From the author of *Louis XIV*, an unprecedented history of the entire Huguenot experience in France, from hopeful beginnings to tragic diaspora. Following the Reformation, a growing number of radical Protestants came together to live and worship in Catholic France. These Huguenots survived persecution and armed conflict to win—however briefly—freedom of worship, civil rights, and unique status as a protected minority. But in 1685, the Revocation of the Edict of Nantes abolished all Huguenot rights, and more than 200,000 of the radical Calvinists were forced to flee across Europe, some even farther. In this capstone work, Geoffrey Treasure tells the full story of the Huguenots—rise, survival, and fall in France over the course of a century and a half. He explores what it was like to be a Huguenot living in a "state within a state," weaving stories of ordinary citizens together with those of statesmen, feudal magnates, leaders of the Catholic revival, Henry of Navarre, Catherine de' Medici, Louis XIV, and many others. Treasure describes the Huguenots' disciplined community, their faith and courage, their rich achievements, and their unique place within Protestantism and European history. The Huguenot exodus represented a crucial turning point in European history, Treasure contends, and he addresses the significance of the Huguenot story—the story of a minority group with the power to resist and endure in one of early modern Europe's strongest nations. "A formidable work, covering complex, fascinating, horrifying and often paradoxical events over a period of more than 200 years" Treasure's work is a monument to the courage and heroism of the Huguenots. —Piers Paul Read, *The Tablet*

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

While the genealogical landscape has changed considerably since 1954, the *Guide to Genealogical and Biographical Sources* continues to be a reliable pointer for the manuscripts and printed works available in the five principal libraries with New York City genealogy holdings--the Brooklyn Historical Society (formerly Long Island Historical Society), New York Genealogical and Biographical Society, New-York Historical Society, New York Public Library, and New York State Library (in Albany). No other guide to New York genealogical resources has dealt with this subject so comprehensively, a fact borne out by the following range of subjects covered by the author: probate records, deeds, births, marriages, deaths, censuses, burials, military records, passenger lists, naturalizations, biographical sketches, special court records, voting records, church records, and many more.

THE CLASSIC NATIONAL BESTSELLER "A wonderful, splendid book—a book that should be read by every American, student or otherwise, who wants to understand his country, its true history, and its hope for the future." —Howard Fast Historian Howard Zinn's *A People's History of the United States* chronicles American history from the bottom up, throwing out the official narrative taught in schools—with its emphasis on great men in high places—to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, it is the only volume to tell America's story from the point of view of—and in the words of—America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As Zinn shows, many of our country's greatest battles—the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality—were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States* features insightful analysis of the most important events in our history. This edition also includes an introduction by Anthony Arnove, who wrote, directed, and produced *The People Speak* with Zinn and who coauthored, with Zinn, *Voices of a People's History of the United States*.
