unpredictable world. ” If so, why another book on innovation? Because it is not one more book on the subject! It is a book that does not talk about innovation, but about people. Is there anything as important as people when innovating? This book describes how to create a true culture of innovation, a culture where innovation is

hacks, to-do lists, and an inbox-zero mentality, grasping at anything that will help us work faster, push harder, and produce more. There ' s just one problem: most of these solutions are making things worse. Creativity isn ' t produced on an assembly line, and endless hustle is ruining our mental and physical health while subtracting from

our creative performance. Productivity and Creativity are not compatible; we are stuck between them, and like the opposite poles of a magnet, they are tearing us apart. When we 're told to sleep more, meditate, and slow down, we nod our heads in agreement, yet seem incapable of applying this advice in our own lives. Why do we act against our
