TIMES BESTSELLER "A captivating family saga."--The New York Times Book Review "This literary family saga is perfect for fans of Celeste Ng and Donna Tartt."--People Magazine (Book of the Week) If you knew the date of your death, how would you live your life? It's 1969 in New York City's Lower East Side, and word has spread of the arrival of a mystical woman, a traveling psychic who claims to be able to tell anyone the day they will die. The Gold children--four adolescents on the cusp of self-awareness--sneak out to hear their fortunes. The prophecies inform their next five decades. Golden boy Simon escapes to the West Coast, searching for love in '80s San Francisco; dreamy Klara becomes a Las Vegas magician obsessed with blurring reality and fantasy; eldest son Daniel struggles to maintain security as an army doctor post-9/11; and bookish Varya throws herself into longevity research, where she tests the boundary between science and immortality. Both a dazzling family love story and a sweeping novel of remarkable ambition and depth, *The Immortalists* probes the line between destiny and choice, reality and illusion, this world and the next. It is a deeply moving testament to the power of story, the nature of belief, and the unrelenting pull of familial bonds.

Sylvie Patterson joins scientist Adrian Keller and former flame Gabe on a quest to introduce people to lucid dreaming, but a mysterious

couple inspire Sylvie to question the ethics of their work while she grapples with the shifting boundaries of reality.

'Once I started reading The Immortalists, I resented every moment I had to spend away from the book until I'd finished' Stylist 'A compelling and utterly absorbing read with virtuoso storytelling on display' Sunday Express It's 1969, and holed up in a grimy tenement building in New York's Lower East Side is a travelling psychic who claims to be able to tell anyone the date they will die. The four Gold children, too young for what they're about to hear, sneak out to learn their fortunes. Such prophecies could be dismissed as trickery and nonsense, yet the Golds bury theirs deep. Over the years that follow they attempt to ignore, embrace, cheat and defy the 'knowledge' given to them that day - but it will shape the course of their lives forever. Readers love The Immortalists: 'I read this book over three days and will remember it for a lifetime' ***** 'This is a book that I never wanted to finish reading. I truly enjoyed each single word of it' ***** 'A book of epic proportions. . . mystical and hugely memorable . . . I can't praise it highly enough. A must read!' ***** 'Deserves all the noise around it' ***** 'One of those books I wish I could un-read so I could read it all over again for the first time' ***** 'A perfect book club read' *****

"What would you do to save the life of your child? It's a question microbiologist Richard Draman thought he'd answered when he walked away from his career to focus on curing a genetic defect that is causing his daughter to age at a wildly accelerated rate. But now he and his wife Carly are being forced to come to terms with the fact that eight-year-old Susie's time is running out. Then they receive an unexpected gift: startling new research into the fundamental secrets of life that could be the miracle they've been looking for. When Richard is arrested on a trumped-up charge of having stolen the data, he takes his family and runs, seeking out a retired special-forces operative and old friend to help dig up the truth behind the controversial experiments. Determined to either save Susie's life or die trying, the Dramans plunge into a bloody conflict between two powerful factions vying for control of a discovery that could change the face of humanity" -- from author's web site.

The Secret Life of Bees set in Johannesburg, now in paperback. A perceptive and searing debut about Apartheid South Africa, as told through the story of one unique family brought together by tragedy. Life under Apartheid has created a secure future for Robin Conrad, a nine-year-old white girl living with her parents in 1970s

Johannesburg. In the same nation, but worlds apart, Beauty Mbali, a Xhosa woman in a rural village in the Bantu homeland of the Transkei, struggles to raise her children alone after her husband's death. Their meeting should never have occurred...until The Soweto Uprising, in which a protest by black students ignites racial conflict, alters the fault lines on which their society is built, leaving Robin's parents dead and Beauty's daughter missing. In the aftermath, Beauty is hired to care for Robin, and the two forge an inextricable bond through their deep personal losses. But Robin knows that if Beauty reunites with her daughter, Robin could lose her new caretaker forever, so she makes a desperate decision with devastating consequences. Told through Beauty and Robin's alternating perspectives, the two narratives interweave to create a rich and complex tapestry of the emotions and tensions at the heart of Apartheid South Africa. Hum If You Don't Know the Words is a beautifully rendered look at loss, racism, and the creation of family.

'Text me when you get home.' After joyful nights out together, female friends say this to one another as a way of cementing their love. It's about safety but, more than that, it's about solidarity. A validation of female friendship unlike any that's ever existed before, Text Me When You Get Home is a mix of historical research, the author's own

personal experience, and conversations about friendships with women across the country. Everything Schaefer uncovers reveals that these ties are making us, both as individuals and as society as a whole, stronger than ever before.

“A must-read—a gorgeous literary novel that asks us to imagine all the possible versions of ourselves that might exist.”—J. Courtney Sullivan, New York Times bestselling author of Saints for All Occasions

The residents of a sleepy mountain town are rocked by troubling visions of an alternate reality in this dazzling debut that combines the family-driven suspense of Celeste Ng’s *Little Fires Everywhere* with the inventive storytelling of *The Immortalists*. In the quiet haven of Clearing, Oregon, four neighbors find their lives upended when they begin to see themselves in parallel realities. Ginny, a devoted surgeon whose work often takes precedence over her family, has a baffling vision of a beautiful co-worker in Ginny’s own bed and begins to doubt the solidity of her marriage. Ginny’s husband, Mark, a wildlife scientist, sees a vision that suggests impending devastation and grows increasingly paranoid, threatening the safety of his wife and son. Samara, a young woman desperately mourning the recent death of her mother and questioning why her father seems to be coping with such ease, witnesses an apparition of her mother healthy

and vibrant and wonders about the secrets her parents may have kept from her. Cass, a brilliant scholar struggling with the demands of new motherhood, catches a glimpse of herself pregnant again, just as she's on the brink of returning to the project that could define her career. At first the visions are relatively benign, but they grow increasingly disturbing—and, in some cases, frightening. When a natural disaster threatens Clearing, it becomes obvious that the visions were not what they first seemed and that the town will never be the same. Startling, deeply imagined, and compulsively readable, Kate Hope Day's debut novel is about the choices we make that shape our lives and determine our destinies—the moments that alter us so profoundly that it feels as if we've entered another reality. Praise for *If, Then* “Hope Day has a lot of sly, stealthy fun with time-bending and parallel universes, but she also has serious things to say on urban paranoia, climate change and the atomized nature of modern life.”—Daily Mail “*If, Then* has the narrative propulsion of a television show . . . [It's] a whirlwind of a story.”—Chicago Review of Books “Effortlessly meshing the dreamlike and the realistic, [Kate Hope] Day's well-crafted mix of literary and speculative fiction is an enthralling meditation on the interconnectedness of all things.”—Publishers Weekly (starred review)

His historic career as an aviator made Charles Lindbergh one of the

Acces PDF The Immortalists If You Knew The Date Of Your Death How Would You Live

most famous men of the twentieth century, the subject of best-selling biographies and a hit movie, as well as the inspiration for a dance step—the Lindy Hop—that he himself was too shy to try. But for all the attention lavished on Lindbergh, one story has remained untold until now: his macabre scientific collaboration with Dr. Alexis Carrel. This oddest of couples—one a brilliant Nobel Prize-winning surgeon turned social engineer, the other a failed dirt farmer turned hero of the skies—joined forces in 1930 driven by a shared and secret dream: to conquer death and attain immortality. Part Frankenstein, part The Professor and the Madman, and all true, *The Immortalists* is the remarkable story of how two men of prodigious achievement and equally large character flaws challenged nature's oldest rule, with consequences—personal, professional, and political—that neither man anticipated.

In this sophisticated, suspenseful debut reminiscent of Laura Lippman and Megan Miranda, two young women become unlikely friends during one fateful summer in Atlantic City as mysterious disappearances hit dangerously close to home. Summer has come to Atlantic City but the boardwalk is empty of tourists, the casino lights have dimmed, and two Jane Does are laid out in the marshland behind the Sunset Motel, just west of town. Only one person even knows they're there. Meanwhile,

Clara, a young boardwalk psychic, struggles to attract clients for the tarot readings that pay her rent. When she begins to experience very real and disturbing visions, she suspects they could be related to the recent cases of women gone missing in town. When Clara meets Lily, an ex-Soho art gallery girl who is working at a desolate casino spa and reeling from a personal tragedy, she thinks Lily may be able to help her. But Lily has her own demons to face. If they can put the pieces together in time, they may save another lost girl—so long as their efforts don't attract perilous attention first. Can they break the ill-fated cycle, or will they join the other victims? A “beautifully written, thoughtful page-turner” (Chloe Benjamin, New York Times bestselling author of *The Immortalists*), *Please See Us* is an evocative and compelling psychological thriller that explores the intersection of womanhood, power, and violence.

“A highly recommended literary page-turner worth a second reading; fans of Gabriel García Márquez will delight in this fantastical—and fantastic novel.”—Library Journal, starred review “Impactful . . . Araghi’s skillful combination of revolutionary politics and magical realism will please fans of Alejo Carpentier.”—Publishers Weekly A sweeping, multigenerational epic, this stunning debut heralds the arrival of a unique new literary voice. As a child living in his

Acces PDF The Immortalists If You Knew The Date Of Your Death How Would You Live

family's apple orchard, Ahmad Torkash-Vand treasures his great-great-great-great grandfather's every mesmerizing word. On the day of his father's death, Ahmad listens closely as the seemingly immortal elder tells him the tale of a centuries-old family curse . . . and the boy's own fated role in the story. Ahmad grows up to suspect that something must be interfering with his family, as he struggles to hold them together through decades of famine, loss, and political turmoil in Iran. As the world transforms around him, each turn of Ahmad's life is a surprise: from street brawler, to father of two unusually gifted daughters; from radical poet, to politician with a target on his back. These lives, and the many unforgettable stories alongside his, converge and catch fire at the center of the Revolution. Exploring the brutality of history while conjuring the astonishment of magical realism, *The Immortals of Tehran* is a novel about the incantatory power of words and the revolutionary sparks of love, family, and poetry--set against the indifferent, relentless march of time.
