Gerald's story is unique, inspiring and hopeful. But there is an opportunity here for you and me -- to not only be inspired but to learn how to become lemonade experts in life."-- Jeff Henderson, Gwinnett Church & Author of "Know What You Are FOR" In seasons of adversity, we are often tempted to ask the question: "Why?" We wrestle with why we are in the situation we are in. Why God hasn't stepped in yet? Why did it have to be us? In When Life Gives You Lemons, Gerald Fadayomi unpacks how "Why?" may not be the right question to ask in difficult circumstances and instead, offers three better questions we can ask ourselves when adversity comes our way. These questions will help you walk through seasons of depression, heartache, anxiety, anger, pain, and loss. They will help you gain perspective, experience peace, and even find joy in the midst of uncertainty. Lemons can be turned to lemonade, and navigating the answers to these three questions will show you how! And every chapter comes with a set of thought provoking questions to "concentrate" on or prompt discussion. If you've ever asked yourself, "Why me?" it's time to shift your perspective. It's time to turn lemons into lemonade. So what are you waiting for?

Clichés are commonplace in the world today.Some people build their whole life around a catchy phrase that both entertains and informs. But a lot of times they only deal with surface issues that gives temporary answers to life's more serious issues. Clichés have a place in life and language. But to be helpful they must be transformed into something that empowers people to explore more deeply the great issues of our life and times.The effort of this book is to take a popular cliché and use it to enable people to think more seriously about the issue of bitterness and strife that pervades a great part of the population of the world today. To live a life full of bitterness and strife has to be one of the most distressing ways to live. Bitterness and strife absorb so much of a person's daily existence. It is hard to be constructive when something so strong as bitterness and strife has a foot hole in a person's life. So then, using the common cliché, "When life gives you lemons, make lemonade", this book aims to lead the reader towards a path away from bitterness and strife and into a life of joy and peace. No one has to be bitter in life. Bitterness is a choice. There are alternatives. A path to a more positive and constructive way of life can be chosen. Since this cliché has been introduced into the language of modern culture it has been used by various disciplines, doctrines and daily conversations to capture the innate ability of many humans to rise above the pull of bitterness and adopt a lifestyle that chooses to be positive and constructive rather than angry and bitter. We are not created to be bitter, but to be a pleasant aroma that overcomes the harsh tone of our existence that pervades human interaction in so many sectors today."When life gives you lemons, make lemonade" is a cliché that is simple but profound in so many ways. Part of the aim of this book is to move it away from just its simplistic use to a more serious effort to transcend the pervasive tendency of modern humans to be consumed by bitterness and strife. Seven elements are presented as primers for acquiring the capacity to overcome any form of bitterness that seeks to have control over our lives. Some are biblical and some are human aspirations that have a close correlation to the teachings of the Bible. In either case the belief is that God desires that humans would be able, with divine help, to live a life that is void of bitterness and infused with God's love that is able to transform the most hurtful situations in life into expressions of God's all-encompassing love, mercy and grace. What I hope to do in this book is to enable someone to get beyond any anger or bitterness in life and become a stronger more loving, compassionate, and kind person.

When I was in 5th grade and went to the school social worker for depression. The social worker pointed out to me a little nick-knack on her desk that said "When Life Gives You Lemons, Make Lemonade". As if saying, I just needed to make the best of a bad situation. Sounded like a load of crap to me when I was in 5th grade, and still sounds like a load of crap today. When you are given Tequila at a bar, you can ask the bartender for training wheels (lemon and salt). If you lick the salt, squeeze a drop of lemon in your mouth, and then take a shot of Tequila a funny thing happens. The Tequila isn't as harsh as it was. Doesn't burn when it goes down your throat, or upset your stomach. Being disabled can be like a glass of Tequila. It is painful both sometimes emotionally and physically. However if you can find something from life that you enjoy. Focus on that, rather than the negative aspects of your life. You can begin to enjoy life too.
